

Branston Living Here Exhibition

This exhibition is the culmination of a photography project by the residents of Branston. It is a celebration of the good things about living here and the people who are special to us.

Residents of all ages have taken photographs of what is special to them in Branston and in doing so have given a unique insight into life in this beautiful Lincolnshire Village.

We hope you enjoy our invitation to join us for a while.

This project is supported by Arts NK as part of the delivery of the arts programme for North Kesteven District Council, through Leisure Connection. For more information on this or any other photographic projects contact Jane Harrison Photography Development Officer, Arts NK, The Hub, Sleaford Tel 01529 411192 e mail jane.harrison@leisureconnection.co.uk

Branston Living Here

These portraits were taken by Arts NK photographer Jane Harrison as part of the Living Here project.

They feature a few faces which will be familiar to the residents of the village.

The images will be archived along with all the images taken by the residents and kept in safe keeping for future generations by the Branston History Group, to provide a unique insight into life in Branston in 2006.

A very big thank you and a well done to all the people who took part in this project, both as subjects and photographers. We hope you enjoy the results.
